

genevalmag::Expr_node::add_child

```
graph RL; A[genevalmag::Expr_node::add_child] --> C[genevalmag::Expression::set_parent]; B[genevalmag::Expr_node::replace_child] --> C;
```

The diagram consists of three rectangular boxes. On the left is a gray box with a black border containing the text 'genevalmag::Expression::set_parent'. To its right are two white boxes, one above the other, both with black borders. The top white box contains 'genevalmag::Expr_node::add_child' and the bottom white box contains 'genevalmag::Expr_node::replace_child'. Two blue arrows point from the right side of each white box to the right side of the gray box.

genevalmag::Expression::set_parent
