

genevalmag::create\_rule

```
graph LR; A[genevalmag::create_rule] --> B[genevalmag::Attr_grammar::get_symbol]; A --> C[genevalmag::Rule::set_left_symbol];
```

The diagram illustrates a function call sequence. A central box labeled 'genevalmag::create\_rule' has two outgoing arrows. The top arrow points to a box labeled 'genevalmag::Attr\_grammar::get\_symbol', and the bottom arrow points to a box labeled 'genevalmag::Rule::set\_left\_symbol'.
