

genevalmag::create_rule

```
graph LR; A[genevalmag::create_rule] --> B[genevalmag::Attr_grammar::get_symbol]; A --> C[genevalmag::Rule::set_left_symbol];
```

The diagram illustrates a function call sequence. A central node, 'genevalmag::create_rule', is highlighted with a grey background. Two blue arrows originate from its right side, pointing to two other nodes. The top node is 'genevalmag::Attr_grammar::get_symbol' and the bottom node is 'genevalmag::Rule::set_left_symbol'. All nodes are rectangular boxes with black borders.
