

include/Builders/Builder_code.h

```
graph BT; A[src/Builders/Builder_code.cpp] --> B[include/Builders/Builder_code.h]; C[src/Maglib.cpp] --> B;
```

A diagram illustrating file dependencies. At the top is a gray rectangular box containing the text 'include/Builders/Builder_code.h'. Below this box are two white rectangular boxes. The box on the left contains the text 'src/Builders/Builder_code.cpp' and the box on the right contains the text 'src/Maglib.cpp'. From the top-right corner of the left box, a blue arrow points diagonally upwards and to the right, ending at the bottom-left corner of the top box. From the top-left corner of the right box, a blue arrow points diagonally upwards and to the left, ending at the bottom-right corner of the top box. This indicates that both source files include the header file.

src/Builders/Builder_code.cpp

src/Maglib.cpp
